## ‹› Professional Summary

Motivated and detail-oriented Bachelor of Information Technology (Hons) student with a strong interest in data engineering and data management. Active in university leadership, currently serving as an event management committee member for the Badminton Club and professional development committee member of the Leadership Club. Skilled in organizing events, collaborating with teams, and adapting to new challenges. Eager to apply analytical thinking and technical skills to solve real-world problems in the data industry.

## ⚕ Projects

### Hungry Hub - Food Ordering System
Sep 2024 — Dec 2024

*Role: System Analyst| Tools: Visual Basic, Microsoft Visual Studio 2022, MySQL*

Developed **Hungry Hub**, a full-featured online food ordering platform designed to enhance the digital dining experience for customers and streamline operations for food vendors. The system features **user authentication**, **real-time order tracking**, **dynamic menu management**, and **secure payment integration**, built with a responsive UI for mobile and desktop users.
Demonstrated strong skills in **apps development, database management**, and **user-centric design**, as well as the ability to translate business requirements into a scalable technical solution. This project reflects my interest in **system automation, data flow optimization**, and building real-world, user-friendly applications.

### Logistics & Delivery Management Database System
Jan 2025 — Apr 2025

*Role:* Full Stack Developer & Database Designer / *Tools: Oracle, MySQL*

This project was developed for my Database Systems course, where I designed a complete database model for J&T Express. I created an **Enhanced Entity Relationship Diagram (EERD)** and transformed it into relational tables. The system supports package tracking, delivery management, customer feedback, payments, and subscription features.

## ⊡ Skills

`SQL` `C++` `C#` `HTML` `CSS` `Visual Basic` `Python`

## ⊕ Education

**Bachelor of Information Technology (Hons)**

University Technology PETRONAS (UTP)  Seri Iskandar, Malaysia
2025 — 2028

**Foundation in Information Technology**

University Technology PETRONAS (UTP)  Seri Iskandar, Malaysia
2024

## 🏆 Leadership & Development

**Event Management HICOM**

UTP Phoenix Badminton Club

**GameMaster Committee**

UTPSS 2025

**Profesional Development Member**

Rotaract Club of UTP
